What to do if there is a change to your project

If your project is terminated:

1. Notify the Arts Commission **immediately** if any grant terms and services are terminated.
2. Provide us with a written letter on your organization/school letterhead indicating the terms of the cancellation or termination of the project.*
3. Return any unused grant funds, which are a result of project termination or shortened project length, to the Arts Commission no later than one month after termination or conclusion.

**If a project is terminated halfway through the project, the artist will be paid a negotiated fee for their services to date.*

If there is any change in project scope or artist:

Please note: Change in scope of the project may affect the grant amount based on actual fees paid to artist and eligible travel/per diem and supply funds (if applicable).

1. Notify the Arts Commission right away if any grant terms and services have changed.
2. In selecting a replacement artist(s), feel free to consult the Teaching Artist Roster.
<http://roster.azarts.gov>

Once the new Artist has agreed to conduct your project, follow these steps:

1. Provide the Arts Commission with a letter of request. The letter should be on your organization/school letterhead and indicate why the original artist is no longer being used and why you have selected the indicated replacement artist.
2. **Change in scope of the project may reduce the grant amount based on actual fees paid to the artist and eligible per diem/supplies.** The organization/school is responsible for travel/per diem costs in the event of re-selecting an artist/company from outside the local area, unless travel/per diem funds were allocated in the original grant.
3. If the indicated replacement artist is not on the Teaching Artist Roster, the artist will need to submit supplemental materials to the Arts Commission (resume, work samples and samples of artist in residence experience) with the letter of request.
4. Arts Commission staff will review the letter of request and artist supplemental materials (if applicable). Arts Commission staff will contact you regarding approval of change.

To ensure grant payment, DO NOT move forward with any major changes to the scope or artist in your project until you have received Arts Commission approval.

POLICY FOR ARTISTS IN RESIDENCE SELLING WORK IN SCHOOLS

Policy for Artists in Residence Selling Work in Schools

Artists working in schools under project contracts that are funded in part by the Arizona Commission on the Arts may offer artwork or educational materials for sale to students or parents in accordance with the following guidelines:

- The artist must request and receive permission in writing from the school principal or other appropriate authorizing official before any items are offered for sale to students or parents. This agreement should include an outline of where and when the items will be sold as well as a brief description of the items to be sold. A sample format for such an agreement is provided for your convenience. A copy must be sent to the Arizona Commission on the Arts for inclusion in the project file.
- ACA considers the contact time that artists spend with students during a project to be a key component of the learning process. Therefore, time should not be taken away from project activities to promote or facilitate sales. Final events or presentations would be a more appropriate opportunity to present items for sale.
- The artist must comply with all school and/or government regulations regarding the sale of items to parents and students.
